

## Belgravia

230V/50Hz | 2000 Watt

Freestanding

The Belgravia is a beautifully crafted, classic and timeless stove fireplace that effortlessly complements a wide variety of interior styles — from traditional and rustic to contemporary and minimalist. Its elegant design and high-quality finish make it a striking focal point in any room. At the heart of the Belgravia is the advanced and proven Opti-V® technology, delivering an incredibly realistic flame effect that brings warmth and ambiance to your living space. With lifelike crackling sounds and sparks that mimic a real wood-burning fire, the experience is both immersive and comforting.

The model is enhanced with clear glass in the door, offering an unobstructed view of the mesmerizing flames. The integrated top lighting subtly highlights the fireplace interior, further enhancing the depth and realism of the fire effect, even in low light conditions. To complete the experience, the Belgravia includes a built-in heating element that not only adds visual warmth but also provides a functional source of heat — making it as practical as it is visually stunning.

- Authentic look of cast iron stove with a metal housing
- Clear glass door that can be opened, for an unobstructed flame view
- Integrated top lighting enhances flame depth and ambiance
- Built-in heater adds both warmth and functionality
- Digital thermostat for temperature adjustment
- Crackling logs sound effects with adjustable volume

Experience Better Living
